MEMORANDUM FOR: Legislative Counsel

SUBJECT : H. R. 507, Proposed Bill Affecting
the Dissemination of FBI Material

1. H. R. 507 has been reviewed as requested and the following comments are submitted.

2. Section 1 (b) is very ambiguous as to what "other records" the FBI is to maintain. Presumably, such records would involve crimes against the United States but this is not specifically stated. The cancellation of exchange agreements with the FBI due to the abrogation of the "third Agency rule" is of particular concern to CIA since this would require the FBI to deal unilaterally with each agency and vice versa without recognition of any legitimate inter-agency exchanges.

3. The receiving agency would always be subject to punitive action. Further, leaks of information which are difficult to control would be a constant threat to all agencies receiving material.

4. It does not appear that the proposed Bill has any chance of passage. However, in view of the far-reaching aspects it is suggested that the above consideration be discussed with Justice should there be indications that the Bill has a chance of passage.
